### **Major Technical Duties and Responsibilities**

- Facilitate and securing Project buy-in from all stakeholders as per the project document(s), resulting from consultative planning and implementation processes in collaboration with national, district and community level stakeholders;
- Promoting meaningful participation of community stakeholder in all stages of planning and implementation of the project, in collaboration with local village leaders, Government Officials and the private sector to ensure long-term sustainability and success of the project;
- Supporting village-level, consultative land-use and resource-use planning,
- Facilitating control of illegal activities (for example poaching) and promoting sustainable resource use practices around project area,
- Facilitating development and implementation of existing alternative livelihood strategies (for example previous WWF supported groups and CEPF Community grantees).
- Assist with the design and where appropriate, the implementation of training and capacity-building initiatives for the mentioned above mentioned villages in three Districts and selected individuals from local communities around project area, especially in the fields of forest, water and wildlife resources management;
- Develop TORs for various studies and activities which requires consultants/contractors and supervise consultants/contractors undertaking those activities as per project documents
- Assist in the identification of research priorities within the project area that would back up management of the UMNP ecosystem; such researches that could be implemented under the project or in collaboration with partners.
- Develop and share lessons with respective partners particularly from the previous interventions in the project area.
- Undertake any other job relevant to the WWF as may be assigned by your supervisor, administrator of this agreement and the WWF Country Director.

#### **5. Consultant**

**August 2009- March 2010**

I was working as Consultant on the Provision of Technical & Facilitation Consultancy Services for Rural Water Supply and Sanitation Sub –Projects as District Project Coordinator in areas of Hygiene and Sanitation, Community Development as well as Monitoring and Evaluation. I was

employed by M/s Serviceplan Ltd (Tanzania) in association with GITEC Consultant GmbH (Germany) and Appropriate Development Consultant Ltd (ADCL) (Kenya) a project financed by World Bank in Songea District Council (Ruvuma Region). The Project covered four Districts namely; Songea District Council, (Ruvuma), Namtumbo District Council (Ruvuma), Njombe Town Council (Iringa) and Mufindi District Council (Iringa) but my duty station was in Songea District Council.

### Duties

- Data collection at the village levels, both Qualitative and Quantitative methods were used during this exercise. Data collected are Hygiene and Sanitation, HIV/AIDS epidemic, Poverty, Existing Water Projects, Reproductive Health, Diseases facing Communities, Environmental as well as Community Projects.
- Writing Inception Report, Scoping Report, Technological Option Report, Progress Reports and Main Reports together with the project Team Leader.
- Preparation of District Water Supply and Sanitation Plan.
- Preparation of District Facility Management Plan.
- Supervision of Selected Community Based Sub-Projects.
- Other main activities including conducting village meeting for Self Assessment of their Needs, WATSAN committee meetings and Technological option meetings.
- Organizing all the field project activities day to day including vehicle arrangements, Staff supervision, Budgets, Submission of reports at the required time to clients.
- Day to day check up and Monitoring of children in schools in the areas of hygiene and sanitation.
- To ensure day to day activities are reviewed by Serviceplan Team, Songea Districts Council Counterparts, District Water and Sanitation Team, District Water Engineer and District Executive Director.
